A DIFFERENT SEASON

Sable, at its wildest.

Winter brings a remarkable rhythm to Sable Island National Park Reserve. Wild horses wear thick coats, seasonal colours soften the dunes, and grey seals gather along the shore during their breeding season.

A WINDOW INTO THE WINTER COLONY

Observe the colony with your guide, taking in its sounds, movement and scale. Wildlife encounters are shaped by the day’s conditions and always approached with respect for the animals and their habitat.

Small groups. Time to look closer.

With a maximum of seven guests, the experience combines guided walking, ecological interpretation and opportunities for photography. Your visit also contributes to the work of the Sable Island Institute.
