THE EXPERIENCE

By air & into the backcountry

Your helicopter journey

The first and third legs of your adventure are by helicopter, with flights to and from Pleasant Bay taking approximately 1 hour and 15 minutes each way. The Bell 206 requires a 15-minute refuelling stop in Port Hawkesbury on each leg.

Depending on group size, we use a Bell 206 Long Ranger or a Sikorsky S-76A++. Both offer clear viewing windows, are strictly maintained and are flown by a captain with 30 years of experience.

Before you depart

We handle registration with the park, helicopter and Jeep charter companies on your behalf. Please complete the required guest registration/waiver form using the link in your email.

Lunch is provided. Bring a water bottle and any extra snacks you would like. We will contact you closer to departure about weather and landing conditions. Please call or email us any time with questions.

EXPLORE THE HIGHLANDS

Into the backcountry

A guided 4x4 Jeep experience

The second leg explores the backcountry of the Cape Breton Highlands and Margaree Valley by 4x4 Jeep. This fully guided experience reveals places rarely seen by other visitors.

Our late-model Jeeps are well maintained, with expert drivers, air conditioning and removable tops. Our local guides bring firsthand knowledge and family history of the area. All hold Red Cross Wilderness & Remote First Aid certification or better.
