AN IMMERSIVE PHOTOGRAPHIC JOURNEY

Your time in Iceland

Horses, light and landscape

The planned program brings together horse photography at Skálakot, a black-sand beach session near Vík, Skógafoss and a full-day Highlands outing. Sandy provides photographic guidance, with Fred and Skálakot staff supporting the experience. The order of outings may change with weather, road access, light and horse welfare; locations and conditions cannot be guaranteed.

Included during your manor stay

Five nights at Skálakot Manor; meals during the manor program; scheduled photography sessions and itinerary excursions; Vík and Highlands transportation; included group airport transfers; guiding and spa use. International airfare, extra accommodation and optional activities are additional. Your booking confirmation governs your specific arrangements.

Before you travel

Please read the accompanying Planning & Packing guide and complete any registration or waiver forms supplied by Kattuk. Send us your dietary needs, relevant mobility concerns, emergency contact and flight details. Your invoice records your deposit and final balance deadline; contact us if any details need correction.

A comfortable pace outdoors

Be prepared to walk 4 km or more unassisted over grassy, rocky, wet and beach terrain, sometimes carrying camera equipment. Guests must be able to maintain the group's pace and cannot be left behind. Contact Kattuk before travel to discuss suitability. This is a photography tour; any optional riding requires separate arrangements and is subject to the local operator's conditions.
